HELP US ATTEMPT TO BREAK THE GUINNESS WORLD RECORD FOR THE LONGEST LINE OF COINS

Our aim:
A little change can make a big difference... help us attempt to break the Guinness world record for the longest line of coins. The record is currently held by a community in Austria of 75km in 2011. Time for Australia, and Ballarat, to take the title!

The cause:
Cancer, as you know, is a life altering disease. It does not discriminate and affects those regardless of age, race, sex and social standing. Supporting people with cancer includes helping to meet their physical, emotional, psychological, informational and practical needs throughout their cancer experience.

All donations then go to help support the Ballarat Regional Integrated Cancer Centre & the associated Wellness Centre, which helps support cancer patients within the Ballarat and Grampians region. The BRICC Wellness Centre is a warm and supportive space for cancer patients and their families to relax, meet others or participate in supportive care programs such as complementary therapies, along with allied health led education sessions.

How you can help:
We encourage the Ballarat and wider community to save your coins and donate them to break this record. In early 2020 we will meet at Llanberris Athletic Track and all that have participated will be invited along to start the official attempt. There will be food and drink for sale and other activities while we get busy. The people from the Guinness World Records will be there to make sure we are meeting the guidelines.

Time for Australia, and Ballarat, to take the title!
